| <input type="checkbox"/> Any other items you deem necessary. | | |

This equipment check list is a guide for team member deployment; it is by no means a list of the only equipment you can bring with you. Each person must decide on their own what equipment they feel comfortable with bringing.

Just a few tips

- Each person is responsible for his or her own equipment.
- You must be able to carry it all at once for a short distance.
- Label *All* of you equipment with your name, address, and unit.
- Electrical equipment is discouraged.
- Bring spare batteries for handhelds, radio, flashlights, etc. to last the duration
- Consider lining your bag with a plastic liner. Wearing dry clothes is much more comfortable than wearing wet clothes.
- Small inner bags for personal items, makes them easy to get at.
- Books, cards, and games help idle time go by.
- A headlamp allows you to have both hands free to perform a task.
- Security will not allow knives, forks, or nail clippers in carryon baggage.
- Prohibited items include: camp stove fuel, compressed gas, lighter fluid, alcohol, weapons: knives over 4” and firearms/ammunition, mace, lithium batteries.
